WAR OFFICIALLY REPORTED

GERMAN STATEMENT.
 No official German statement was received today. The latest one reads:
 In the western theater: An English steamer which ran ashore December 13 off La Caenne was attacked yesterday by our aviators with viable success.

The enemy, who dispatched several aeroplanes squadrons to Bapaume and Peronne, to Lorraine and to Mulheim, in Baden, lost in aerial engagements and under the fire of our anti-aircraft guns four aeroplanes, including one high-power aeroplane with two motors.

In the eastern theater: There is nothing to report.

In the Balkan theater: To the southwest of Plevlje the enemy was driven back across the Tara river. Farther to the east he was driven across the Grab-Brodarevo line. Several hundred men were taken prisoners.

RUSSIAN STATEMENT.
PETROGRAD, via London, December 16:
 Western (Russian) front: Near Uskull an enemy aeroplane dropped bombs. In the region of Jacobstadt the artillery duel has increased in violence. In the Riga district our artillery at several points dispersed Germans engaged in fortifying their positions.

On the Dniester, in the district of Usticzka, north of Czalesk, scouts of one of our cavalry regiments encountered enemy scouts wearing Russian tunics and helmets. On being hailed by our scouts the enemy opened fire, to which our scouts replied, partly exterminating and dispersing the disguised Austrians.

Caucasus front: On the Hamadan road our troops continue to penetrate the Turkish-German force. A delegation of the inhabitants of Hamadan and influential khans have come from Hamadan to ask our troops for protection against the rebels.

AUSTRIAN STATEMENT.
VIENNA, December 15, via London, December 16:
 In the Russian and Italian theaters there is nothing to report.

Balkan theater: The Austro-German forces of Gen. Koevess yesterday captured Montenegrin positions south of Vranagora. One pursuing column penetrated Para pass and scattered an enemy battalion near Cliback. Other troops advanced to Grab.

On the plateau east of Berane Mohammedians and Albanians are fighting alongside of our troops against the Montenegrins. Here 340 soldiers and 150 men liable for military service were taken prisoners.

ITALIAN STATEMENT.
ROME, December 15, via London, December 16:
 In the Concel valley the batteries on Lardano fired on the positions on Monte Vels, recently captured by us and already strongly fortified. They did no damage.

The enemy artillery continues its systematic aim of destroying the countries. Yesterday it was maintained against Loppio, in the valley of the Vameras rivulet in Adige, against towns and villages inclosed by the slopes of Gerso, and in Goringrad Gradiaca to Montefalcone. Our artillery replied with equal intensity, hitting column of troops with their batteries, who were on the march.

Yesterday one of our air flotillas made a raid on the valley of Clapovano, in Idria, dropping bombs and starting the enemy's camps and barracks. Our daring aviators, flying low, in spite of the anti-aircraft artillery, fired quick-firing guns on the camps, causing a panic. Our airmen returned uninjured.

BRITISH STATEMENT.
LONDON, December 16 (Wednesday's report):
 Last night the enemy exploded a mine to the southeast of Ypres. The crater was, however, occupied by our bombers, who drove off an attack. South of Messines we heard an enemy battery, with trifling loss.

Today our artillery has been active and has done considerable damage to the hostile trenches. The hostile artillery has been active about Ypres. Our aeroplanes raided the Heriville aerodrome successfully. There have been ten combats in the air, in the course of which an enemy battle plane was driven down by one of our reconnaissance machines. Our aeroplanes were forced down within our lines.

MONTENEGRIN STATEMENT.
PARIS, December 15:
 The official communication issued by the Montenegrin official press: The enemy energetically attacked December 13 the entire front of the army at Sanjak, using big guns. These attacks were particularly violent in the direction of Plevlje, Kralovo and Grab, but were repulsed by our troops, inflicting heavy loss on the enemy.

TURKISH STATEMENT.
CONSTANTINOPLE, December 15, via London, December 16:
 Mesopotamian theater: The farthest houses of Kut-el-Amara, situated on the right bank of the Tigris, were taken by storm December 13. One of the hostile monitors was sunk. Caucasus front: Nothing of importance has occurred.

Dardanelles front: There have been artillery engagements and conflicts with bombs and aerial torpedoes.

BULGARIAN STATEMENT.
BERLIN, December 16, by wireless to Saville:
 The official report of the Bulgarian headquarters staff, dated December 15, as received here today, the Overseas News Agency announces, is as follows:
 Bulgarian troops have temporarily stopped at the Greek frontier, their pursuit of the enemy.

The Bulgarians took as prisoners 1,234 soldiers, among whom were 18 officers. They also captured 14 cannon, 62 ammunition cars and much war material.

Hibernians Elect Officers.
 Division No. 3, Ancient Order of Hibernians, at a meeting Tuesday night in Donahue's Hall, 314 Pennsylvania avenue southeast, elected the following officers for the year: Capt. E. L. Cogan, president; Maurice J. Sheehan, vice president; George H. Malone, recording secretary; Thomas McGrath, financial secretary; Patrick Kennedy, treasurer; Bryan Connor, sergeant-at-arms; John C. Clarke, sentinel; John P. Leo, chairman standing committee; Rev. J. Walter Daily, chaplain; and Dr. Francis McQuillan, M. D., medical examiner.

Propeller Stopped by Hawser.
 As the little tug Jeff, of the Taylor fleet, yesterday afternoon was towing a light schooner out into the stream, she got a hawser caught in her propeller. The tug in the heavy northwest wind drifted into the dock at 9th street, and later the tug Vigilant, of the harbor police fleet, went to the rescue. The schooner was towed her to the 10th street wharf. The hawser will be removed today and the Jeff will return to service.
